## Stay Seriously Sorted™

Your business in *finally* running smoothly - lets keep it that way...

### Life has a way of keeping us on our toes

Your business, interests, capacity and *life* are going to change — it's unavoidable.

The systems, structures and supports that hold everything together need to change with you.

Stay Seriously Sorted™ is your space to check in on how your business is running and whether it's supporting you to do work that you love and live the life you want.

Working with someone who already has an intimate knowledge of your biz (👋 hi, it me 🤖) we'll wrangle the strategic systems stuff you don't have the time, perspective or know-how to tackle on your own.

**Let's do it!**

## With Stay Seriously Sorted™ you get

Fresh eyes on your business as it grows, changes and evolves.

The support of a super switched on strategist and certified coach (think of me as the virtual COO on your team — even if it is a team of one).

PLUS hands-on help to get your systems-related-stuff done.

*"Lauren is super skilled, smart and sees connections between things that I could never see from inside my business. Knowing I have her on my side gives me so much reassurance."*

*I actually asked her to marry me so she could be my biz wife but she's sadly already engaged.*

*Highly recommend."*

I am fortunate to live and carry out my work on Wununjari land. I pay my respects to elders past and present and I acknowledge that sovereignty was never ceded. This land always was, and always will be Aboriginal land.
